

Opportunities to play Women's Premier League

Approaching the 2018 season, we have opportunities across all age groups and squads (U13 – Senior). It's a fantastic opportunity to join a club dedicated and committed to developing its pathway for girls to play football.

We are proud of our development of young players and the clear pathways from Under 13's to playing for the senior side. We have an excellent team of coaches ready to introduce the players to their next level of performance and reach their full potential. Our squads will be structured to provide a full pathway from the skill acquisition phase through the game training phase and onto the performance phase of the FFA National Curriculum.

Training will commence in January, and will be every Tuesday and Thursday throughout the season, commencing

Date – 16 January

Place – Kambah 2

Time – WPL Under 13 & 15 5.00pm -6.30pm
